EMERGENCY CARE
& SAFETY INSTITUTE

Life-Saving Training. Simplified.

2016–2017 Training

Welcome to the Emergency Care & Safety Institute

The **Emergency Care & Safety Institute (ECSI)** makes life-saving training affordable, accessible, and straightforward. We strive to provide the absolute best training materials at the lowest prices possible while eliminating administrative burdens, allowing you to focus on what really matters: training others to save lives.

With ECSI, you can have everything you want from a single, internationally recognized training organization. Discover why training with ECSI is the smart choice:

- ✓ **Training Tailored to Your Needs.** With flexible course delivery options, you can offer your students the training they need in the manner in which they will learn best. Simply purchase one of these four items in order to obtain a digital course completion card for the course: student manuals, student eBooks, online course access codes, pocket guides.
- ✓ **High-Quality Materials.** When you order your training materials from ECSI, you do not have to sacrifice quality for affordability. Our highly developed student manuals and interactive online courses feature the latest medical content and are filled with tips and tools to help your students succeed.
- ✓ **Ease of Administration and Zero Fees.** Joining ECSI is easy and involves no training center or instructor fees. As an ECSI Education Center, you have the freedom to manage your own courses and do not have to worry about paying recurring fees.

Emergency Care & Safety Institute (ECSI) programs are offered in association with the American Academy of Orthopaedic Surgeons and the American College of Emergency Physicians (ACEP)—two of the most renowned medical organizations in the world. These organizations provide medical direction to ECSI and stand behind the content of our training materials.

ECSI's training materials are developed and distributed by Jones & Bartlett Learning, the exclusive publisher for ECSI.

ECSI Courses and Materials

Student Materials

Manuals, eBooks, and Pocket Guides

Our highly developed, full-color student manuals feature the latest medical content and are filled with tips and tools to help your students succeed. ECSI's manuals are also available in electronic (eBook) formats to provide an economical and environmentally friendly alternative to traditional printed manuals. Finally, our pocket-sized guides are available for first aid and CPR refresher training.

Online Courses

Each online course can be used as an interactive supplement to reinforce what students have learned in the classroom, or as a distance learning platform where students can complete the knowledge-based component of the course online, then complete hands-on skills evaluations with an instructor.

Nationally Recognized Digital Course Completion Cards

ECSI provides a digital course completion card with the purchase of one of these four items: student manuals, student eBooks, online course access codes, pocket guides. The digital course completion card can be sent via email to the student who completed the course and/or the student's employer. It can also be printed out by the instructor and issued to students at the training location.

Instructor Materials

Teaching Packages

Offer your students the training they need in the manner in which they will learn best! With our unique Teaching Packages, you have the option to choose your teaching strategy:

- Lecture style for a traditional classroom-based course
- Scenario-based for a more interactive course
- Mix and match learning tools and methods to engage and improve retention

With flowcharts, skill sheets, checklists, games, skill demonstrations videos, course outlines, presentations in PowerPoint format, detailed lessons plans, and much more—learning follows your lead!

**All Teaching Packages are available online and can be easily downloaded for seamless offline access.*
